

Francisco Alfonso Mayorga Cetina

Software Developer | Development Leader | Data Engineer

Bogotá D.C. Colombia | [LinkedIn](#) | f.maycet@gmail.com | +57 320 212 8525 | [Portfolio](#)

Summary

Software developer with over five years of experience in .NET technologies (C#, F#, Visual Basic), desktop applications (WPF), and data tools (Python, SQL).

Proven track record leading development teams and delivering high-quality solutions. Experience in backend development, desktop user interfaces, cloud platforms, and API integration.

Currently seeking roles that allow greater involvement with modern .NET technologies, frontend frameworks, and cloud-native architectures.

Technology Stack

- **Backend:** C# (.NET Framework, migrating to .NET 8+), Entity Framework, REST APIs, WCF Services
 - **Frontend:** WPF (MVVM), DevExpress XAF, Basic React
 - **Cloud:** Azure (Entra ID, App Registrations, Azure SQL), AWS (EC2, S3, Load Balancer), GCP (Cloud Functions, BigQuery)
 - **DevOps & Infrastructure:** Azure DevOps, Terraform, Git, SonarQube, Redmine, Jira, Confluence
 - **Databases:** SQL Server, Oracle (PL/SQL), MySQL
 - **Languages:** C#, F#, Visual Basic, Python, TypeScript
 - **Tools:** Visual Studio, Visual Studio Code, Git, Mercurial, Jupyter
-

Experience

Finanzas y Actuaría (Finac S.A.S)

Skills & Tools: Visual Studio, Azure DevOps (TFS-Git), .NET Framework (C#, F#, Visual Basic), SQL Databases, Redmine, SonarQube, DevExpress, ADO.NET, WPF, Problem Solving, Leadership

Development Coordinator – Investments Team (Jan 2025 – Present)

- Lead the development of products related to investment instruments.
- Coordinate new cloud-based deployments and integration with enterprise identity systems.
- Provide customer-facing support and incident resolution.

Development Coordinator – Support and Maintenance (Sep 2023 – Jul 2024)

- Supervise the maintenance development team.
- Manage resource allocation and task tracking through Azure DevOps.
- Lead software improvements based on WPF and .NET.

Development Professional II (Jan 2023 – Aug 2023)

- Guide junior developers and ensure timely project delivery.
- Develop WPF applications aligned with business needs.

Development Analyst (Nov 2020 – Dec 2022)

- Develop and maintain WinForms and ASP.NET applications.
- Design and develop REST and SOAP APIs.
- Work with SQL Server and Oracle databases.

CALA Analytics (By Infórmese)

Skills & Tools: Google Cloud Platform, Python, React, GitLab, Terraform, Confluence

Analytics Consultant (Jul 2024 – Dec 2024)

- Build scalable solutions on GCP using Python and BigQuery.
- Design CI/CD pipelines and report automation.
- Use Terraform for infrastructure provisioning.

Sii Group Colombia (Thales Project)

Skills & Tools: Visual Studio, Mercurial (GIT), .NET Framework, WPF, API Integration, Confluence

Senior .NET Developer (Aug 2023 – Sep 2023)

- Maintain WPF applications for a global security platform.
- Integrate and document a set of APIs.

Education

Mathematics – Universidad Sergio Arboleda (2014–2020)

Honors Thesis: Characterizing Dual Graphs Associated with Triangulations of the Caracol Flow Polytope.

Courses and Certificates

- **B2 Upper Intermediate** - [EF SET](#) English Certificate (Aug 2023)
 - **HTML, JavaScript and Services** – [ITTalent](#), Bogotá, Colombia (Aug 2022)
 - **UI/UX Certification Course** – [Programming Hub](#) (Nov 2021)
 - **Python 3 Certification** – [Programming Hub](#) (Aug 2020)
 - **Advanced Python Course** – [Programming Hub](#) (Aug 2020)
 - **Ethical Hacking with Python** – [Udemy](#) (Feb 2020)
-

Activities & Events

- **Regional Programming Marathon (South America North) ICPC** – Participant, Politécnico Grancolombiano (Nov 2019)
